The House of Art

One of the best collections of glass • pottery • metal objects • jewellery • frescos. The House of Art is a gallery of high esthetic, built with full respect to the unique architecture of Oia.

Its owners and creators are local people, established in their beautiful village. Our love for Oia, which glows internationally by welcoming thousands of visitors from all over the world, was the inspiration of the House of Art.

To exhibit unique art pieces, made by greek hand only. It feels to us like a dream come true. Greek art and greek civilization coming closer to all our visitors, giving you the opportunity to own a collector's value, greek art piece.
